

# **EEO Outreach Script**

As broadcast professionals West Virginia Radio and Television stations are dedicated to Equal Employment Opportunities in broadcasting.

If you belong to or know of any community group that helps people find jobs, we want to know about them, so when a job opening comes up at this station or any station, we can notify that group.

Organizations can contact the West Virginia Broadcasters Association at [www.wvba.com](http://www.wvba.com), or by phoning this station. This outreach program is a free service from the West Virginia Broadcasters Association and this station.
